I have worked with Maria Rosa Silva for the last 3 years and I recommend her for one of the best in her line of work. She worked great with people. Also she has great people skills, and is easy to go with. Further more she has the attention and care needed for her work with patients. Next I believe she will make an excellent part of your staff and highly recommend her for any question don't hesitate to call. 786-339-3680 or 786-690-1932.
